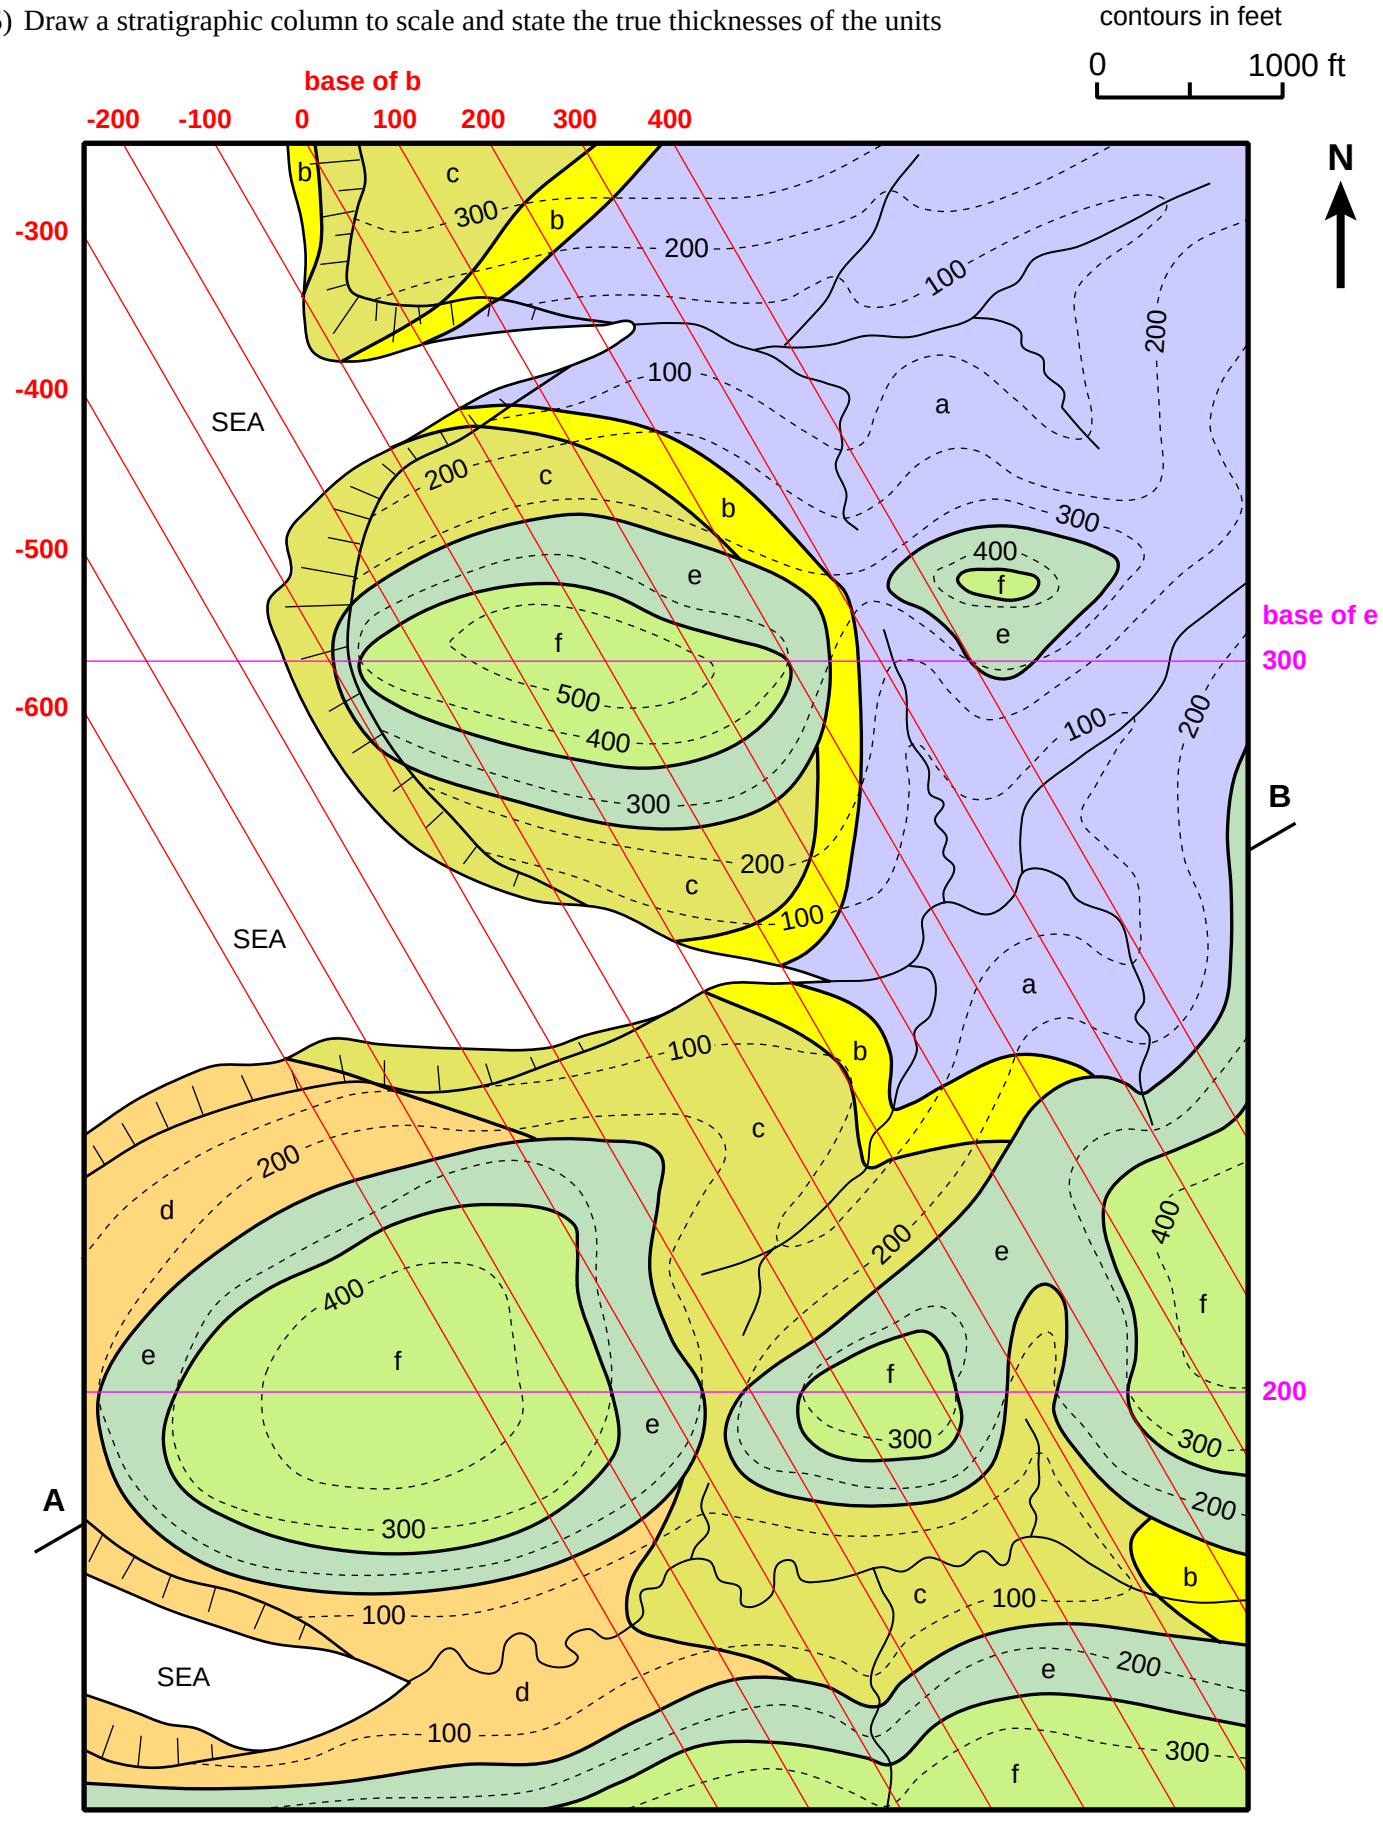
UNCONFORMITIES

(1) On the map highlight the unconformity
(2) What is the orientation of the bedding (a) below the unconformity, and (b) above the unconformity? Specify these numbers both as strike/dip and as dip/dip direction
(3) From the dip directions, determine the sequence of units
(4) Draw an accurate cross section along line A-B
(5) Draw a stratigraphic column to scale and state the true thicknesses of the units

150/13 SW ; 13/240


090/1.5 S ; 1.5/180
